

# **CAL FARLEY'S BOYS RANCH ALUMNI ASSN.**

## **2022 ANNUAL REPORT**

2021-2022 was an exciting and different kind of year, as we all came out of the “pandemic” mode, threw away our mask and hit the road to anywhere to get out and about. Normal is not normal any longer, we are all finding out how to navigate this post pandemic world. Your Alumni Association has worked diligently this past year to put this Association in a position to have a brighter and more effective future. The present board of directors has been very effective in raising donations through fund raising raffles, donations, and sponsors for events to put this association in the best financial position ever. We are very grateful for the hard work of the directors.

### **I. Promoting the work of Cal Farley's**

CFBRAA is involved in providing support to Cal Farley's in several ways. We support the graduating seniors by providing them with gift cards to help with their transition after life at Boys Ranch. The Christmas light judging event is an exciting time for everyone that joins in the fun. Several of the seniors were able to join Alumni and family members in the bus ride around the Ranch to see the beautiful Christmas decorations and be persuaded by baked goodies, games and even instant pictures with Santa. Monetary prizes are awarded, for the best treats or the best Christmas decorations which ever persuaded the judges the most!

We continue to support the proposed new Ag barn so that someday there will be a new area for the show animals. The Alumni awarded the FFA students that had a show animal in the county show with extra prize money to help with feeding and caring for their animal and extra money for the trips to their shows.

### **II. Create and Promote Alumni Family Ties**

The Alumni have not been able to hold regional gatherings in the recent past, but we are willing to assist anyone that would like to Host a gathering. This is a great way to get together with Alumni in your area.

The Alumni have been able to stay in touch with the Alumni living in the Alumni Support Center in Amarillo. Mostly by bringing them pizza as they go their many different ways to work, school and play.

### **III. Provide Scholarship Assistance**

This fall we have 11 students on Alumni scholarships. The committee members stay in touch with the students to assist them and encourage them in any way they can. .

The Scholarship Fundraiser event was not held, but a mail campaign was conducted to provide additional funds for the scholarship fund.

### **IV. Provide Crisis Support to Alumni Families**

Many Alumni families experienced crisis situations this past year. Health crisis and the economic impact of the pandemic had its effects on many this past year. We were able to provide assistance to several brothers and sisters due to the generous donations to the Crisis Support fund.

## **RECORDS**

The annual records for the CFBRAA are a reflection of our success in achieving our purposes. These are some of the facts and figures for the 2021-22 fiscal year of Cal Farley's Boys Ranch
